The Brandou Daily 284ai,

Thurseday, January 4, 1883.

The defunct municipal council of the municipality of Brandon seems to have possessed an enlarged view of their scope, powers and jurisdiction. They had a seni conscious idea that they were a body whose powers were co-ordinate, co-extensive and co-existent with the rights, privilege and majestic functions of a "County Council," and they even went as far as to adopt this pseudonymu as a distinguishing term by which their deliberations and proceedings might be known and dely recorded throughout the length, breadth and general dimensions of the Provincial Legislature being particularly silent upon the potency of "County Council," in gravial, the numbers of he last session of the Provincial Legislature being particularly silent upon the potency of "County Council," in gravial, the numbers of health of the province of particular silent upon the potency of "County Council," in gravial, the numbers of the last vector of particularly silent upon the potency of "County Council," in gravial, the numbers of the last vectors and the Act approach the section system of Government known to us as contemporaneous history. It will now be in order for the organ of the wreckers to gleat over the attempt made by the Grand Truck Railway Company to destroy the credit of the Canadian Pacific Railway Company in the European money market. This is in perfect accord with the principles laid down by the Grit faction in general and Mr. Karsas Bick's in particular.

The "patriots" are whistling to keep up their courage. The advent of ex Judge Miller into the campeign has been like an effectual extinguisher on the heps and saptrations of the party of the no-part.
